

Additional Nomination for Angel Chavez

I have worked with Angel for over 20 years and her love of the sport of Volleyball and the kids has never wavered. She has excelled in passing this passion on to all the new officials that come through our area.

Angel has a unique and wonderful way of passing on constructive critiques to everyone who works with her. She has always stepped in to head a study session or mentor a new official. I believe that everyone in Area 13 has become a better official after working with her.

Betsy Davison (Area 13)
